

Sky Quest Mounting Template

- Directions for using this template:
1. Start at the location for the top hole # 1 in the diagram. Mark it on the wall.
 2. Use a level or a weighted string to determine a true vertical line descending from that point.
 3. Measure vertically down that line to point #2 marking that spot.
 4. Use a level or a square to establish a horizontal line at that point.
 5. Measure along that lines to point #3.
 6. Temporarily install the sculpture using those two points. Mark the other mounting hole #4 and #5 with the sculpture in place.
 7. Remove the sculpture. Install the appropriate anchors and permanently remount the sculpture on the wall.

Directions available at <http://www.woodthat-works.com/sculpture-directions/>

mark these in place using the sculpture
